**Notes:**
- Review your Degree Progress Report (DPR) in your Student Center, meet with your Major Department Advisor for major coursework, and meet with an Academic Advisor in SSC 220 to review General Education and Graduation requirements.
- It is recommended that you meet with your major advisor early in your academic career and every semester.
- Consider meeting the United States Diversity and Global Cultures requirements within GE courses.
- University Writing Requirement: You must complete a GE Written Communication (A2) course with a grade of C- or higher, and a Graduation Writing Assessment Requirement (GW) course in your major with a grade of C- or higher. In addition, you must complete 2 additional Writing (W) courses, see your DPR for specific writing course options.
- Apply to graduate one year before anticipated graduation date. Priority registration is guaranteed your final semester if you applied for graduation by the stated deadline.

- [*CRED] This class also fulfills a requirement for the Credential Program. C- or better required.
- [*C-] C- or Better is required.
- [*CRED] Consider taking a foreign language to meet a Credential Program requirement which also meets GE Area C2.
- [*BRDTH] See Physics Advisor for Breadth Requirements. 12 units of non-GE courses must be selected from one department, either Chemistry, Biology, or Geosciences.
