

INTERNATIONAL RELATIONS BA

More Information

Advising Requirement

Advising is mandatory for this program. Consult your department advisor or program coordinator for information.

E-advising Tools

Students are encouraged to use the interactive e-advising tools that have been designed to help them graduate within four years. These tools can be accessed through the Student Center.

The Bachelor of Arts in International Relations provides students with a solid basis in two political science subfields—comparative politics and international relations. Students gain an understanding of international interactions, such as conflict and trade, as well as the politics of other nations, such as alternative government forms. Students are exposed to the politics of the world's major regions through region specific courses. International relations students excel in many professions but are especially well suited for domestic and international work in the public and nonprofit sectors.

Grading Requirement

All courses taken to fulfill program course requirements must be taken for a letter grade except those courses specified by the department as credit/no credit grading only.
