

PHYSICAL EDUCATION MINOR

Students interested in adding physical education teaching skills to their major course of study can enroll in the Minor in Physical Education. Students will learn the basic functions of the body and the study of human movement, and will be prepared to teach physical education and develop physical education curriculum.

Course Requirements for the Minor

The following courses, or their approved transfer equivalents, are required of all candidates for this minor.

Consult with an academic advisor to plan your program carefully. For example, this minor may serve as part of a supplementary authorization to teach physical education.

Written Notice

Departmental approval is required before you begin coursework for this minor. Approval can be obtained by providing written notice of your intention to declare this minor to the department office.
