Advising Requirement
Advising is mandatory for this program. Consult your department advisor or program coordinator for information.

E-advising Tools
Students are encouraged to use the interactive e-advising tools that have been designed to help them graduate within four years. These tools can be accessed through the Student Center.

The Bachelor of Arts in Art provides three options of study, all of which are accredited by the National Association of Schools of Art and Design (NASAD).

The option in art education. This option is a gateway to the California Single Subject Credential in Art. By completing this approved course study, students earn a bachelor’s degree in art and subject matter competency in art, which is required for entrance into an approved credential program in California.

The option in art history. This option is designed to teach students to think critically about global visual arts and culture. The art history program provides training leading to art history careers (museum, gallery, and academic) and entry into master’s programs, as well as a solid foundation in research and writing skills that are highly valued by diverse employers. The faculty are widely recognized for their contributions to the field, with particular strengths in Medieval, modern/contemporary, and Mesoamerican art history.

The option in art studio. This option is designed to provide theory and practice for the development of perceptual and conceptual skills needed to engage in creative visual expression. The BA program allows students the opportunity to study and excel in the visual arts through our eight studio concentrations including ceramics, drawing, digital media, glass design, painting, photography, printmaking, and sculpture.

Grading Requirement
All courses taken to fulfill program course requirements must be taken for a letter grade except those courses specified by the department as credit/no credit grading only.

Course Requirements for the Major: 48-51 units
Completion of the following courses, or their approved transfer equivalents, is required of all candidates for this degree. Courses in this program may complete more than one graduation requirement.

Students electing to fulfill a second option or degree within the Art Major must complete a minimum of 15 additional upper-division units.

Major Option Course Requirements
Students must select one of the following options for completion of the major course requirements.

The Option in Art Education: 51 units

Total Units  51

1 Students may fulfill up to 3 of the required 9 units with a course selected from ARTH 110, ARTH 120, ARTH 130, ARTH 140, or ARTH 150, to be arranged with the faculty advisor.

2 Studio courses at the 300-level may be taken two times for credit and most 400-level courses four times for credit. A minimum of 6 units must be at the 400 level.

Electives Requirement
To complete the total units required for the bachelor's degree, select additional elective courses from the total University offerings. You should consult with an advisor regarding the selection of courses which will provide breadth to your University experience and possibly apply to a supportive second major or minor.
Honors in the Major

Honors in the Major is a program of independent work in your major. It requires 6 units of honors course work completed over two semesters.

The Honors in the Major program allows you to work closely with a faculty mentor in your area of interest on an original performance or research project. This year-long collaboration allows you to work in your field at a professional level and culminates in a public presentation of your work. Students sometimes take their projects beyond the University for submission in professional journals, presentation at conferences, or academic competition. Such experience is valuable for graduate school and professional life. Your honors work will be recognized at your graduation, on your permanent transcripts, and on your diploma. It is often accompanied by letters of commendation from your mentor in the department or the department chair.

Some common features of Honors in the Major program are:

• You must take 6 units of Honors in the Major course work. All 6 units are honors classes (marked by a suffix of H), and at least 3 of these units are independent study (399H, 499H, 599H) as specified by your department. You must complete each class with a minimum grade of B.
• You must have completed 9 units of upper-division course work or 21 overall units in your major before you can be admitted to Honors in the Major. Check the requirements for your major carefully, as there may be specific courses that must be included in these units.
• Your cumulative GPA should be at least 3.5 or within the top 5% of majors in your department.
• Your GPA in your major should be at least 3.5 or within the top 5% of majors in your department.
• Most students apply for or are invited to participate in Honors in the Major during the second semester of their junior year. Then they complete the 6 units of course work over the two semesters of their senior year.
• Your honors work culminates with a public presentation of your honors project.

While Honors in the Major is part of the Honors Program, each department administers its own program. Please contact your major department or major advisor to apply.

See Bachelor’s Degree Requirements for complete details on general degree requirements. A minimum of 39 units, including those required for the major, must be upper division.

General Education Requirements: 48 units

See General Education and the Class Schedule for the most current information on General Education Requirements and course offerings.

Diversity Course Requirements: 6 units

You must complete a minimum of two courses that focus primarily on cultural diversity. At least one course must be in U.S. Diversity (USD) and at least one in Global Cultures (GC). See Diversity Requirements for a full list of courses. Most courses taken to satisfy these requirements may also apply to General Education.

Upper-Division Writing Requirement

Writing Across the Curriculum (EM 17-009) is a graduation requirement and may be demonstrated through satisfactory completion of four Writing (W) courses, two of which are designated by the major department. See Mathematics/Quantitative Reasoning and Writing Requirements for more details on the four courses. The first of the major designated Writing (W) courses is listed below.

• Any Writing Course (W) in the department, which includes the following prefixes: ARTE, ARTH, ARTI, and ARTS.

The second major-designated Writing course is the Graduation Writing Assessment Requirement (GW) (EO 665). Students must earn a C- or higher to receive GW credit. The GE Written Communication (A2) requirement must be completed before a student is permitted to register for a GW course.
