

ASIAN STUDIES BA

The Bachelor of Arts in Asian Studies provides an interdisciplinary approach to understanding the world's most populous continent. Students gain an understanding of the traditional cultures as well as modern socio-economic structures of Asia through the study of their historical, religious, artistic, and intellectual foundations. Students also acquire intermediate proficiency in an Asian language. The major provides insights into the diverse and dynamic societies of Asia and prepares students to engage with Asian cultures in a variety of careers.

Students are strongly encouraged to take advantage of study abroad (<https://www.csuchico.edu/studyabroad/>) opportunities in China, India, Japan, the Philippines, South Korea, Taiwan, or Thailand. Students studying in an accredited study abroad program in Asia are encouraged to consider undertaking a major or minor in Asian Studies.

Study abroad students should consult with the Asian Studies Coordinator about the transferability of coursework before departing for Asia. It is often possible to complete 24-26 units of the major in a relevant study abroad program, or 15-17 units of the minor.

Advising Requirement

Advising is mandatory for this program. Consult your department advisor or program coordinator for information.

E-advising Tools

Use the interactive e-advising tools designed to help students graduate within four years. These tools can be accessed through the Student Center in the Portal (<https://portal.csuchico.edu>).

Grading Requirement

All courses taken to fulfill program course requirements must be taken for a letter grade except those courses specified by the department as credit/no credit grading only.

Course Requirements for the Major: 28-40 units

Completion of the following courses, or their approved transfer equivalents, is required of all candidates for this degree. Courses in this program may complete more than one graduation requirement.

Language Competency

A minimum of fourth-semester competency in an Asian language (e.g., JAPN 202) is required for Asian Studies majors. California State University, Chico offers courses in Japanese. Students interested in an alternative Asian language, such as Chinese, Hindi, Korean, Vietnamese, Thai, or others, can fulfill the language requirement by taking the equivalent of four semesters of the language from an accredited program either in the United States or through study abroad. Students who have prior proficiency should contact the department for placement information.

Electives Requirement

To complete the total units required for the bachelor's degree, select additional elective courses from the total University offerings. You should consult with an advisor regarding the selection of courses which will provide breadth to your University experience and possibly apply to a supportive second major or minor.

Honors in the Major

Honors in the Major is a program of independent work in your major. It requires six units of honors coursework completed over two semesters.

The Honors in the Major program allows you to work closely with a faculty mentor in your area of interest on an original performance or research project. This year-long collaboration allows you to work in your field at a professional level and culminates in a public presentation of your work. Students sometimes take their projects beyond the University for submission in professional journals, presentation at conferences, or academic competition. Such experience is valuable for graduate school and professional life. Your honors work will be recognized at your graduation, on your permanent transcripts, and on your diploma. It is often accompanied by letters of commendation from your mentor in the department or the department chair.

Some common features of Honors in the Major program are:

- You must take six units of Honors in the Major coursework. All six units are honors courses (marked by a suffix of H), and at least three of these units are independent study (399H, 499H, 599H) as specified by your department. You must complete each course with a minimum grade of B.
- You must have completed 9 units of upper-division coursework or 21 overall units in your major before you can be admitted to Honors in the Major. Check the requirements for your major carefully, as there may be specific courses that must be included in these units.
- Your cumulative GPA should be at least 3.5 or within the top 5% of majors in your department.
- Your GPA in your major should be at least 3.5 or within the top 5% of majors in your department.
- Most students apply for or are invited to participate in Honors in the Major during the second semester of their junior year. Then they complete the six units of coursework over the two semesters of their senior year.
- Your honors work culminates with a public presentation of your honors project.

Honors in the Major is not part of the Honors Program. Each department administers its own program. Please contact your major department or major advisor to apply.

To be eligible for Honors in Asian Studies, students must have completed all courses for the major with a GPA of 3.5. They must complete two years of a foreign language or have established competency in an Asian language. Upon recommendation by a faculty member and after an interview, the student will take six units of ASST 499H, culminating in a public presentation of the project. In addition, an Asian experience of some sort (e.g., an international study program, language study in Asia, a summer project or internship, etc.) is strongly encouraged.

See Bachelor's Degree Requirements (<https://catalog.csuchico.edu/undergraduate-requirements/bachelors-degree-requirements/>) for

complete details on general degree requirements. A minimum of 39 units, including those required for the major, must be upper division.

General Education Requirements: 43 units

At Chico State, HIST 130 meets the US history requirement (US-1), and POLS 155 meets the US Constitution and government requirement (US-2) and the California state and local government requirement (US-3).
