#### More Information

**Advising Requirement**

The Bachelor of Arts in Asian Studies provides an interdisciplinary approach to understanding the world’s most populous continent. Students gain understanding of the traditional cultures as well as modern socio-economic structures of Asia through the study of their historical, religious, artistic, and intellectual foundations. Students also acquire intermediate proficiency in an Asian language. The major provides insights into the diverse and dynamic societies of Asia and prepares students to engage with Asian cultures in a variety of careers.

Students are strongly encouraged to take advantage of study abroad opportunities in China, India, Japan, Philippines, South Korea, Taiwan, or Thailand. Students studying in an accredited study abroad program in Asia are encouraged to consider undertaking a major or minor in Asian Studies.

Study abroad students should consult with the Asian Studies Coordinator about the transferability of coursework before departing for Asia. It is often possible to complete 24-26 units of the major in a relevant study abroad program, or 15-17 units of the minor.

#### Grading Requirement
All courses taken to fulfill program course requirements must be taken for a letter grade except those courses specified by the department as credit/no credit grading only.

#### Course Requirements for the Major: 24-40 units
Completion of the following courses, or their approved transfer equivalents, is required of all candidates for this degree. Courses in this program may complete more than one graduation requirement.

**Language Competency**
A minimum of fourth-semester competency in an Asian language (e.g., JAPN 202) is required for Asian Studies majors. California State University, Chico offers courses in Japanese. Students interested in an alternative Asian language, such as Chinese, Hindi, Korean, Vietnamese, or others, can fulfill the language requirement by taking the equivalent of four semesters of the language from an accredited program either in the United States or through study abroad. Students who have prior proficiency should contact the department for placement information.

### Honors in the Major
Honors in the Major is a program of independent work in your major. It requires six units of honors coursework completed over two semesters.

The Honors in the Major program allows you to work closely with a faculty mentor in your area of interest on an original performance or research project. This year-long collaboration allows you to work in your...
field at a professional level and culminates in a public presentation of
your work. Students sometimes take their projects beyond the University
for submission in professional journals, presentation at conferences,
or academic competition. Such experience is valuable for graduate
school and professional life. Your honors work will be recognized at your
graduation, on your permanent transcripts, and on your diploma. It is
often accompanied by letters of commendation from your mentor in the
department or the department chair.

Some common features of Honors in the Major program are:

• You must take six units of Honors in the Major coursework. All six
  units are honors courses (marked by a suffix of H), and at least three
  of these units are independent study (399H, 499H, 599H) as specified
  by your department. You must complete each course with a minimum
  grade of B.

• You must have completed 9 units of upper-division coursework or 21
  overall units in your major before you can be admitted to Honors in
  the Major. Check the requirements for your major carefully, as there
  may be specific courses that must be included in these units.

• Your cumulative GPA should be at least 3.5 or within the top 5% of
  majors in your department.

• Your GPA in your major should be at least 3.5 or within the top 5% of
  majors in your department.

• Most students apply for or are invited to participate in Honors in
  the Major during the second semester of their junior year. Then they
  complete the six units of coursework over the two semesters of their
  senior year.

• Your honors work culminates with a public presentation of your
  honors project.

While Honors in the Major is part of the Honors Program, each
department administers its own program. Please contact your major
department or major advisor to apply.

To be eligible for Honors in Asian Studies, students must have completed
all courses for the major with a GPA of 3.5. They must complete two
years of a foreign language or have established competency in an Asian
language. Upon recommendation by a faculty member and after an
interview, the student will take six units of ASST 499H, culminating in
a public presentation of the project. In addition, an Asian experience of
some sort (e.g., an international study program, language study in Asia, a
summer project or internship, etc.) is strongly encouraged.

See Bachelor’s Degree Requirements (https://catalog.csuchico.edu/
undergraduate-requirements/bachelors-degree-requirements/) for
complete details on general degree requirements. A minimum of 39 units,
including those required for the major, must be upper division.

**General Education Requirements: 48 units**

See General Education (https://catalog.csuchico.edu/colleges-
departments/undergraduate-education/general-education/) and

cultural diversity. At least one course must be in US Diversity (USD)
and at least one in Global Cultures (GC). See Diversity Requirements
