

AMERICAN CHEMICAL SOCIETY CERTIFICATE IN CHEMISTRY

Course Requirements for the Certificate

The following courses, or their approved transfer equivalents, are required of all candidates for this certificate.

Students who complete this program will be awarded a degree in chemistry, which will be certified by the American Chemical Society (ACS), as well as an ACS certificate awarded by California State University, Chico. ACS requirements rarely change, but interested students should verify requirements with the chair of the Department of Chemistry and Biochemistry.

Current requirements include either: Completion of a BS in chemistry or biochemistry with at least four units from the following list of courses:

Course	Title	Units
Select four units from the following:		4
CHEM 332	Physical Chemistry II	
CHEM 382	Integrated Chemistry Laboratory II	
CHEM 477	Seminar in Organic Spectroscopy	
CHEM 490	Research in Chemistry	
CHEM 491	Research Project	
CHEM 499HW	Honors Research Project (W)
