HIST 443 Gender and Sexuality in Early America  
Typically Offered: Spring only even years  
This course explores the political, economic, legal, social, and cultural dimensions of early American gender history, running from pre-contact Native American society through the period of the early American republic. It examines women's daily lives and experiences, illustrating shifting definitions of femininity and masculinity as crosscut by race, ethnicity, class, sexual orientation, region, and religion. Through discussion, readings, and research, this seminar illustrates themes that circumscribed women's opportunities in early America: sexuality, reproduction, and women's bodies; the political and legal status of women; women's labor, paid and unpaid; women in war; education and literacy; and consumption, among others. 3 hours lecture.
