SOC 510 Testing and Measurements for Career Assessment and Guidance 3 Units
Prerequisite: SOC 509, senior standing.
Typically Offered: Spring only
This is a course in career assessment. Students explore the foundational
issues in psychometrics, including the nature and uses of paper and
online tests, ethical considerations, and concerns in test administration.
Students administer assessments such as the Myers Briggs, Strong
Vocational Interest Inventory, Barriers to Employment Success, Offender
Reintegration Inventory, Military to Career, The COP System, and various
Holland assessments. Classes of vocational assessments and their
exemplars will be presented. Assessment batteries for special needs
clients will also be examined. Students consider issues which are of
specific concern when using formal assessment tools in decision making
in career interventions. Interpretations of specific instruments and
the relationship of formal assessments to other modes of information
gathering will be discussed. 3 hours lecture. (009074)

SOC 602 Equity, Leadership, and Policy in Higher Education 3 Units
Typically Offered: Spring only
This course examines mechanisms of power and privilege as they apply
to access and equity in higher education. Students examine the barriers
to educational access and equity in the contexts of culture, ethnicity,
race, sexual orientation, religion/spirituality, ability, and gender. We
think of the interaction of diversity and learning as not only involving
the differences that students bring to enhance learning environments,
but also the ways we as educators respond to those differences in the
context of policies, systems, histories, structures, and legislation. In
addition to the examination of systemic oppression, equity and inclusion,
students explore aspects of diversity as assets in the design of rich and
productive learning environments. Students apply their knowledge to the
investigation and formation of solutions to contemporary educational
problems. 3 hours seminar. (022413)
